Pre-Forum Experiences

Feb 3 | 9:00 AM - 4:00 PM

Ormco Clinical Core

Dr. Michael Bicknell

The Foundations of Modern Orthodontic Treatment

Explore the evolution of orthodontics—from the history of braces and passive self-ligation to today’s full-expression systems and digitally driven treatment.

This comprehensive program connects clinical principles with practical workflows, including the three-phase treatment journey, Ormco Digital Bonding, no-etch adhesive technology, Spark Aligners, and an introduction to TAD-supported mechanics, lasers, and advanced esthetic finishing. Participants will leave with a clear, efficient framework for delivering more predictable treatment and exceptional results.

Feb 3 | 9:00 AM - 4:00 PM

MiniCOIP: A MasterCOIP Experience at Forum

Dr. Ivan Malagon + Dr. Diego Peydro

MiniCOIP: A MasterCOIP Experience at Forum

MiniCOIP is a condensed version of the renowned MasterCOIP program, providing a high-impact introduction to advanced clear aligner concepts, including treatment planning, biomechanics, and efficient workflows.

Through real-world cases and clinical insights, participants learn strategies for predictable outcomes and managing diverse malocclusions.

MiniCOIP strengthens foundational skills and expands clinical capabilities through a focused learning experience inspired by MasterCOIP.

Feb 3 | 12:00 PM - 4:00 PM

Pig Jaws: TADs Placement

Dr. Stuart Frost

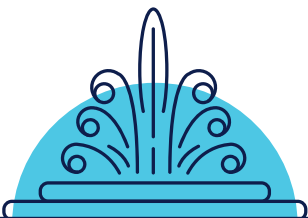

Hands-On TAD Placement

Hands-on TAD placement using pig jaw specimens. Learn site selection, placement techniques, anchorage biomechanics, troubleshooting, distalization, intrusion and open-bite correction.

Thursday, February 4
